

POLAR STAR® eFINITY

AMBIENT LIGHT REJECTING EDGE FREE® PROJECTION SCREEN

The **Polar Star® eFinity** Series from Elite Prime Vision® is an internal-frame projection screen with the wraparound material design that is better known as EDGE FREE® because of its lack of a traditional external framework. The eFinity EDGE FREE® maximizes the viewing area in a smaller space footprint without compromising the screen's structural integrity. EPV®'s **Polar Star® eFinity** nicely complements any interior decor with cleanliness and an elegant "EDGE FREE®" design. It provides a stunning image that doesn't wash out even in bright ambient light. The Polar Star® material's reflective properties and diffusion layer allow images to have sharp contrast levels with a spot-on neutral color temperature.

MODEL	DIAGONAL	ASPECT RATIO	VIEW HEIGHT	VIEW WIDTH	MATERIAL	GAIN	BEZEL WIDTH
EF125C-PST	125"	2.35:1	49.0 in	115.2 in	Polar Star®	1.3	6 mm
EF138C-PST	138"	2.35:1	54.1 in	127.2 in	Polar Star®	1.3	6 mm
EF158C-PST	158"	2.35:1	62.0 in	145.6 in	Polar Star®	1.3	6 mm
EF100H-PST	100"	16:9	49.2 in	87.3 in	Polar Star®	1.3	6 mm
EF110H-PST	110"	16:9	53.9 in	95.9 in	Polar Star®	1.3	6 mm
EF120H-PST	120"	16:9	58.3 in	104.1 in	Polar Star®	1.3	6 mm
EF135H-PST	135"	16:9	66.2 in	117.6 in	Polar Star®	1.3	6 mm
EF150H-PST	150"	16:9	73.5 in	130.7 in	Polar Star®	1.3	6 mm

FEATURES & BENEFITS

- Polar Star® (ALR) 1.3 Gain angular reflective ambient light rejecting material
- Excellent color fidelity, contrast enhancement, and brightness retention
- Polarized for Passive 3D applications
- 4K Ultra HD, Active 3D, and HDR Ready
- Compatible with Standard Throw Projectors ONLY

DESIGN & INSTALLATION

- Internal framework with wraparound tensioned projection material
- Aluminum lightweight split-frame design
- Sliding wall mount brackets to precisely center the installation
- Micro-thin 6mm aluminum black bezel
