

POWER MAX TENSION ISF

ELECTRIC MOTORIZED TAB-TENSION PROJECTION SCREEN

EPV's Power Max Tension ISF is an electric tab-tensioned projection screen with a slim arcuate design. The tab-tension system maintains the projection surface flat and taut for ripple-free images. The black aluminum housing allows for a wall/ceiling installation with the included floating brackets. It includes both an Infrared and Radio Frequency remote control, 12v trigger wired or wireless capability, and a detachable wall box controller for manual operation.

| MODEL | DIAGONAL | ASPECT RATIO | VIEW HEIGHT | VIEW WIDTH | MATERIAL | GAIN | TOP BORDER |
|---------------|----------|--------------|-------------|------------|-------------|------|------------|
| PMT110HT3-ISF | 110" | 16:9 | 53.9 in | 95.9 in | ChromaWhite | 1.25 | 12.0 in |
| PMT120HT3-ISF | 120" | 16:9 | 58.8 in | 104.6 in | ChromaWhite | 1.25 | 20.0 in |
| PMT135HT3-ISF | 135" | 16:9 | 66.2 in | 117.1 in | ChromaWhite | 1.25 | 12.0 in |
| PMT150HT3-ISF | 150" | 16:9 | 73.5 in | 130.7 in | ChromaWhite | 1.25 | 20.0 in |

FEATURES & BENEFITS

- ChromaWhite 1.25 gain front projection matte white material for light-controlled environments
- Wide viewing angle with diffusion uniformity reflects a clear bright image across the entire surface
- 4-side black masking borders enhance picture contrast
- Black backing prevents light penetration to provide a sharp clear picture
- Compatible with ultra, short, and standard throw projectors
- ISF Certified for accurate color reproduction – An Industry Standard for High-Fidelity Video Display Systems
- Tab-tension design helps maintain a flat projection surface

DESIGN & OPERATION

- Wall/Ceiling brackets included permit wood stud installation and slide for proper centering
- Ceiling suspended capable using included eyebolts
- Includes handheld IR and RF remote controls, and a wall box controller for manual on-wall operation.
- User-friendly programmable vertical drop position
- Wall box controller is detachable for a clean look
- Built-in selectable channels allow one RF remote programming to control multiple screens and prevent interference
- 12v trigger feature allows the screen's UP/DOWN operation to synchronize with the projector's power cycle
- 5-year limited manufacturer's warranty
