

TWILIGHT WIRELESS

BATTERY-OPERATED OUTDOOR PROJECTOR SCREEN

The **Twilight Wireless** by EPV Screens is a battery-operated outdoor projector screen for nighttime entertainment in outdoor spaces. It's ideal for patios, pool decks, backyards, or wherever you gather to enjoy a warm summer night. The Twilight Wireless comes fully assembled and is easy to install. The screen material is professional grade with a wide viewing angle that accommodates small gatherings or large venue celebrations. The Twilight is IPX3 Rated for outdoor installation and use.

MODEL	DIAGONAL	ASPECT RATIO	VIEW HEIGHT	VIEW WIDTH	MATERIAL	GAIN	TOP BORDER
EOD125H-BAT-ISF	125"	16:9	61.0 in	109.0 in	MaxWhite®	1.25	15.7 in

FEATURES & BENEFITS

- MaxWhite 1.1 Gain matte white front projection surface with precise color reproduction
- Wide viewing angle allows the audience to see a clear and bright picture from any seating position
- Standard black masking borders on all sides enhances visual contrast and absorbs projector overshoot
- Black backing eliminates light penetration for enhanced brightness and color saturation to prevent picture degradation.
- Compatible with Full HD, Ultra HD (4K/8K) and Active 3D projectors.
- IPX3 Rated for protection against water spray less than 60 degrees from vertical.
- Compatible with standard "long" throw projectors ONLY

DESIGN & INSTALLATION

- Designed for outdoor use without sacrificing the home cinema experience
- Dynamic indoor home theater quality with the durability of an outdoor product.
- Ideal for backyards, patios, pool decks, and recreation room installations.
- Heavy-duty steel case in a white finish includes end caps for wall or suspended ceiling installation.
- Radio Frequency remote for long range operation
- Built-in rechargeable Li-on battery eliminates need to plug screen into a power outlet.
- Battery charge can last up to 200 cycles on a single charge.
- Standard 5-year premium warranty
